Analysis by the Legislative Reference Bureau

EDUCATION

Pupil assessments and school and school district accountability report; 2020-21 school year exemption

Under the bill, requirements to administer various pupil assessments do not apply in the 2020–21 school year. The bill also prohibits the Department of Public Instruction from publishing a school and school district accountability report for the 2020–21 school year.

Under current law, school boards, independent charter schools, private schools participating in the Milwaukee Parental Choice Program, Racine Parental Choice Program, or Wisconsin Parental Choice Program, and, under some circumstances,
a private school participating in the Special Needs Scholarship Program are required
to annually administer assessments adopted by DPI to pupils in the fourth, eighth,
ninth, tenth, and eleventh grades. These assessments are commonly referred to as
the Wisconsin Student Assessment System, which includes the Wisconsin Forward
Exam, ACT ASPIRE, the ACT with Writing, and Dynamic Learning Maps. The
requirements to administer the WSAS did not apply in the 2019-20 school year.
Under the bill, the requirements to administer the WSAS do not apply in the 2020-21
school year.

Current law also requires school boards, independent charter schools, and
private schools participating in a parental choice program to annually administer a
standardized reading test developed by DPI to third grade pupils. The requirements
to administer the third grade standardized reading test did not apply in the 2019-20
school year. Under the bill, the requirements to administer the third grade
standardized reading test do not apply in the 2020-21 school year.

Under current law, each school board and independent charter school must
annually administer a reading readiness assessment selected by the school board or
independent charter school to pupils in four-year-old kindergarten through second
grade. The requirements to administer a reading readiness assessment applied in
the 2019-20 school year. Under the bill, the requirements to administer a reading
readiness assessment do not apply in the 2020-21 school year.

Under current law, school boards and independent charter schools are required
to evaluate teachers and principals using an educator effectiveness evaluation
system that considers pupil performance on statewide assessments. School boards
and independent charter schools were prohibited from considering pupil
performance on statewide assessments in evaluating teachers and principals in the
2019-20 school year. Under the bill, the prohibition against considering pupil
performance on statewide assessments in evaluating teachers and principals also
applies in 2020-21 school year.

School and school district accountability report

Under current law, DPI is required to publish a school and school district
accountability report for the previous school year by November 30. To measure
school performance and school district improvement for purposes of the report card,
particularly measures related to pupil achievement in reading and math, DPI uses
data derived from pupil performance on the WSAS.

Under current law, schools and school districts were not required to administer
the WSAS in the 2019-20 school year and DPI is prohibited from publishing a school
and school district accountability report in the 2020-21 school year. Under the bill,
schools and school districts are not required to administer the WSAS in the 2020-21
school year and DPI is prohibited from publishing a school and school district
accountability report in the 2021-22 school year.
Use of annual leave

Under the bill, a state employee may take annual leave during the period beginning on March 12, 2020, and ending on June 30, 2021, even if the employee has not completed the first six months of the employee’s probationary period. Under current law, an employee may not take annual leave during the first six months of the employee’s probationary period.

Benefit charging

Current law, as enacted in 2019 Wisconsin Act 185, requires the Department of Workforce Development, when processing claims for unemployment insurance benefits and evaluating work-share plans, to determine whether a claim or plan is related to the public health emergency declared by the governor under Executive Order 72. If a claim is so related, current law provides that the regular benefits for that claim for weeks occurring after March 12, 2020, and before December 31, 2020, not be charged as is normally provided. Instead, the benefits for those weeks are subject to numerous exceptions, to be charged in one of two ways:

1. To the balancing account of the unemployment reserve fund, which is a pooled account financed by employers that pay contributions (taxes) and is used to pay benefits that are not chargeable to any employer’s account.
2. To the unemployment interest and penalties appropriation account for reimbursable employers, which are employers that do not pay contributions but instead reimburse DWD for benefits directly.

The bill allows the secretary of administration to transfer moneys from any executive branch appropriation to the unemployment interest and penalties appropriation account for the purpose of paying the benefits described above attributable to reimbursable employers under Act 185. The transfers may not exceed the amount necessary to make those payments.

Work-share programs

Current law allows an employer to create a work-share program within a work unit of the employer. Under a work-share program, the working hours of all of the full-time employees in the program are reduced in an equitable manner in lieu of a layoff of some of the employees and a continuation of full-time employment by the other employees. A claimant for UI benefits who is included in a work-share program may receive UI benefits during his or her continued employment with the work-share employer in an amount equal to the claimant’s benefit for total unemployment multiplied by the same percentage reduction in normal working hours that the claimant incurs under the program. Current law also provides for the temporary modification of certain requirements that apply to work-share plans with respect to work-share plans submitted on or after April 17, 2020, and before December 31, 2020. The bill adds an additional modification, which is made effective permanently, to allow work-share plans to remain in effect for 12 months in a five-year period, instead of six months.
BILL

Waiting period

Currently, a claimant must generally wait one week after becoming eligible to receive UI benefits before the claimant may receive benefits for a week of unemployment, but the application of the one-week waiting period is temporarily suspended for benefit years that began after March 12, 2020, and before February 7, 2021. The bill extends the end date for suspending the one-week waiting period to July 3, 2021.

Registration for work and work search waivers

Under current law, a claimant for UI benefits is generally required to register for work and to search for work each week in order to remain eligible, but DWD is required to waive these requirements under certain circumstances. Under current law, DWD has limited rule-making authority to modify the availability of waivers or establish additional waivers if necessary to comply with a requirement under federal law or if specifically allowed under federal law. The bill allows DWD to promulgate rules that remain in effect until July 3, 2021, that provide waivers of the registration for work or work search requirements under additional circumstances.

Receipt of Social Security Disability Insurance benefits

Under current law, in any week in any month that a claimant is receiving a benefit under the federal social security disability program, that claimant is ineligible for UI benefits. The bill repeals that prohibition and allows an otherwise eligible claimant to receive both federal social security disability benefits and UI benefits for the same period.

Worker's compensation

Injury to critical workers

The bill provides that, for the purposes of worker's compensation, an injury caused to a critical worker by COVID-19 during the period beginning on the effective date of the bill and ending on June 30, 2021, is presumed to be caused by the individual's employment. The presumption requires a diagnosis or positive test for COVID-19 and may be rebutted by specific evidence that the injury was caused outside of employment. Under the bill, the secretary of health services determines which workers are considered critical workers during the specified period.

Financial Institutions

Remote notarization of estate planning documents

The bill allows a notary public, through June 30, 2021, to perform notarizations involving estate planning documents for individuals not physically present before the notary public.

Current law generally requires a person to physically appear before a notary public in order for the notary public to perform a notarial act, but provisions in 2019 Wisconsin Act 125 allow a notary public, using technology, to notarize documents for persons not physically present with the notary public (remotely located individuals) if certain requirements are satisfied. This authority under Act 125 for a notary public to perform a notarial act for a remotely located individual does not extend to a transaction involving estate planning documents such as wills and trusts.
BILL

The bill allows a notary public, through June 30, 2021, to perform for a remotely located individual a notarial act involving estate planning documents such as wills and trusts.

HEALTH AND HUMAN SERVICES

Orders prohibiting evictions and foreclosures

The bill allows the Department of Health Services to issue an order prohibiting the commencement of actions for eviction or foreclosure for any period before July 1, 2021.

Funding for DHS for COVID-19

The bill provides funding to DHS for community testing, contact tracing, vaccinations, and public awareness related to COVID-19.

INSURANCE

Coverage parity for telehealth services

The bill prohibits a health insurance policy or a self-insured health plan of the state or a county, city, village, town, or school district from denying coverage for a treatment or service provided through telehealth if that treatment or service is covered under the policy or plan when provided in person by a health care provider. This prohibition applies through June 30, 2021. Health insurance policies are known as disability insurance policies in the bill. Telehealth is a practice of health care delivery, diagnosis, consultation, treatment, or transfer of medically relevant data by means of audio, video, or data communications that are used either during a patient visit or a consultation or are used to transfer medically relevant data about a patient.

STATE GOVERNMENT

Waiving in-person requirements

Current law allowed a state entity to waive any requirement that an individual appear in person during the public health emergency declared on March 12, 2020. The bill expands that provision so that a state entity may waive such in-person requirements through June 30, 2021, if enforcing the requirement would increase the public health risk.

Waiver of certain interest, penalties, and payments

Under the bill, each state agency and authority may waive any interest, penalty, or payment that accrues or becomes due beginning on the day the bill becomes law and ending on June 30, 2021, with respect to a debt any person owes to the agency or authority.

COVID-19 testing and surge capacity

The bill requires DOA to do all of the following related to COVID-19:

1. Facilitate COVID-19 testing and diagnosis throughout this state.

2. Operate alternate care facilities staffed by health care professionals for patients diagnosed with COVID-19.

3. Facilitate surge staffing resources for health care facilities throughout the state.
BILL

Grants to small businesses

The bill authorizes the Department of Revenue to provide grants to small businesses in the manner to be determined by DOR.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
