Dinosaurs

BINGO

Learn at Home with PBS KIDS

**Week of
April 12th**

Hello, Families!

Welcome to **Learn Along Bingo!** We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Dinosaurs Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: Dinosaurs

Paleontologists identify dinosaurs by looking at fossils and comparing their physical characteristics. Children will describe dinosaurs by their sizes and shapes.

Show What You Know: Dinosaur Features

The last activity in this packet is a perfect way for children to learn about how dinosaurs were unique.

Tune in: Watch DINOSAUR TRAIN at 9:30am CT on Tuesday, April 13th on the PBS KIDS 24/7 channel.

Ready for more? Watch your favorite PBS KIDS shows on the 24/7 channel and live stream at pbskids.org/video/livetv or on PBS Wisconsin.

Happy learning!

Dinosaurs from A to Z

Name _____

“Dinosaurs A to Z”

Lyrics by Mike Himelstein and Craig Bartlett

A - APATOSAURUS	[uh-PAT-uh-SAWR-us]
B - BRACHIOSAURUS	[BRAK-ee-oh-SAWR-us]
C - CORYTHOSAURUS	[kuh-RITH-oh-SAWR-us]
D - DEINONYCHUS	[die-NON-ih-kus]
E - EINIOSAURUS	[eye-nee-oh-SAWR-us]
F - FABROSAURUS	[fab-roh-SAWR-us]
G - GALLIMIMUS	[GAL-ih-MIME-us]
H - HADROSAURUS	[had-roh-SAWR-us]
I - IGUANODON	[ih-GWAN-oh-don]
J - JAXARTOSAURUS	[jak-SAHR-toh-SAWR-us]

Everybody!

It's time for the chorus!

CHORUS:

Hey hey hey

Come along with me

KIDS: **CHOO CHOO CHOO CHOO!**

This is how we memorize

Dinosaurs A to Z!

Now, where were we?

K - KENTROSAURUS	[ken-truh-SAWR-us]
L - LAMBEOSAURUS	[lam-bee-oh-SAWR-us]
M - MEGALOSAURUS	[MEG-uh-loh-SAWR-us]
N - NODOSAURUS	[no-dah-SAWR-us]
O - ORNITHOMIMUS	[or-NITH-uh-MIME-us]
P - PARASAUROLOPHUS	[PAR-uh-saw-ROL-oh-fus]
Q - QANTASSAURUS	[KWAN-tuh-SAWR-us]
R - RHABDODON	[RAB-duh-don]
S - STEGOSAURUS	[steg-uh-SAWR-us]
T - TYRANNOSAURUS	[tie-RAN-oh-SAWR-us]

What time is is?

KIDS: **Time for the chorus!**

CHORUS:

Give me a

U - ULTRARAPTOR [YOU-tah-RAP-tor]

V - VELOCIRAPTOR! [veh-LOSS-ih-RAP-tor]

W - W? WANNANOSAURUS [wah-NON-uh-SAWR-us]

X - XENOTARSOSAURUS [zee-noh-TAR-soh-SAWR-us]

Y - YANGCHUANOSAURUS [YANG-choo-wan-oh-SAWR-us]

Z - ZIGONGOSAURUS [zee-GONG-oh-SAWR-us]

And ZIGONGOSAURUS

Gets us to the chorus!

Dinosaur Diets

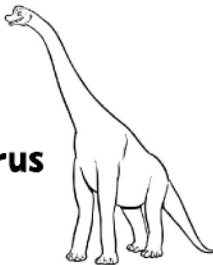

Name _____

Dinosaurs had different diets. Some dinosaurs only ate meat; they were carnivores. They had sharp teeth. Other dinosaurs ate plants and meat; they were omnivores. Some dinosaurs only ate plants; they were herbivores. They had flat teeth. Color, cut and then sort the dinosaurs by what they ate. The **DINOSAUR TRAIN Fact Cards** can help you as you learn about the dinosaurs and their diets.

 carnivore (meat-eater)	 omnivore (ate plants and meats)	 herbivore (plant-eater)

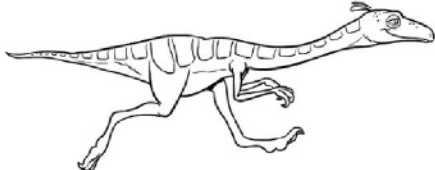

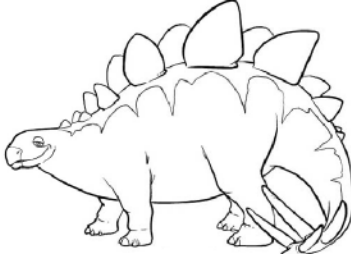

Triceratops

Brachiosaurus

Deinonychus

Adocus

Ornithomimus

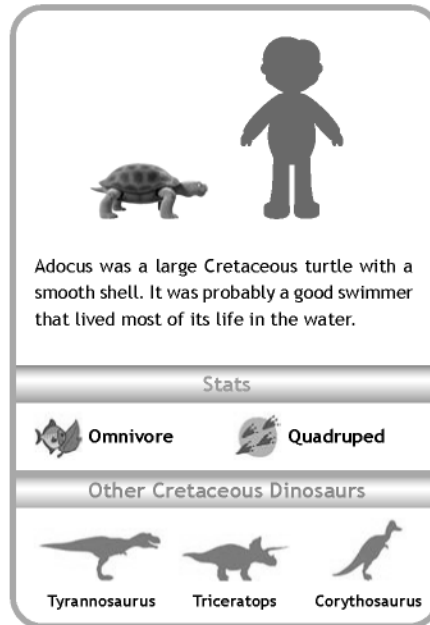

Stegosaurus

Dinosaur Fact Cards

Dinosaurs lived in different time periods (Cretaceous, Jurassic, and Triassic). They also had different diets (they were carnivores, herbivores, or omnivores) and looked different. Cut and sort the DINOSAUR TRAIN fact cards by the dinosaurs' diets, the time periods they lived in or any of their features. What did you learn about any of the dinosaurs?

Find more games and activities at pbskidsforparents.org

Deinonychus was a dinosaur around four feet tall—just about your size! It was a pretty fast runner, with a large, curved claw on the second toe of each foot.

	Carnivore		Biped
--	------------------	--	--------------

Other Cretaceous Dinosaurs

Tyrannosaurus
 Triceratops
 Corythosaurus

Deinonychus
"terrible claw"

TM & © The Jim Henson Company. All Rights Reserved.

This dinosaur from the Cretaceous may have been an omnivore. That means it could have eaten plants—like fruits and leaves and animals like insects, small reptiles and mammals, maybe even eggs.

	Herbivore		Biped
--	------------------	--	--------------

Other Cretaceous Dinosaurs

Tyrannosaurus
 Triceratops
 Corythosaurus

Ornithomimus
"bird mimic"

TM & © The Jim Henson Company. All Rights Reserved.

Eoraptor
"dawn thief"

TM & © The Jim Henson Company. All Rights Reserved.

Eoraptor lived during the Triassic Period, and is one of the oldest known dinosaurs. It belongs to the group of dinosaurs called the theropods.

	Carnivore		Biped
--	------------------	--	--------------

Other Triassic Dinosaurs

Peteinosaurus
 Proganochelys

Parasaurolophus
"near crested lizard"

TM & © The Jim Henson Company. All Rights Reserved.

Parasaurolophus was a duck-billed dinosaur that lived during the Cretaceous. It had a large tube-like crest on its head that may have been used for making deep sounds.

	Carnivore		Biped and		Quadruped
--	------------------	--	------------------	--	------------------

Other Cretaceous Dinosaurs

Tyrannosaurus
 Triceratops
 Corythosaurus

Proganochelys was a turtle that lived way back in the **Triassic Period** alongside the first dinosaurs. It had bony armor over much of its body.

Stats

Herbivore

Quadruped

Other Triassic Dinosaurs

Eoraptor

Pteranodon

Proganochelys

"fossil turtle"

TM & © The Jim Henson Company. All Rights Reserved.

This animal had large bony plates on its back. It may have used those plates to warm up on a cold day; or cool down on a hot day.

Stats

Herbivore

Quadruped

Name _____

Dinosaur Features

Some dinosaurs are compared with animals that are living today because they had similar features (they looked alike) or because they had similar abilities (they could do the same thing). Match the dinosaurs with the animals that share similar features (like their armor, their horns, their toe claws, or if they are runners). Think about how they are the same, but also how they are different.

Armadillo

Ornithomimus

Rhinoceros

Deinonychus

Triceratops

Stegosaurus

Tiger
